

Sedalia Evening Democrat

NEW SERIES.

SEDALIA, MISSOURI, MONDAY OCTOBER 3, 1892.

PRICE, FIVE CENTS.

A GREAT SHOW.

AN IMMENSE CROWD OF VISITORS FILL THE CITY.

A "Democrat" Reporter Views the Parade From the Top of a Circus Band Wagon.

The first circus of the season to spread its canvas in Sedalia was Barnum & Bailey. Sedaltans had grown hungry for the clown and the elephants, and a big attendance was the result. There is no doubt that the present circus is the greatest show on earth. It is worth traveling miles to see. The grand spectacular performance of Columbus discovering America was a grand production and something entirely new to the circus goer.

The street parade was a gorgeous affair and represented hundreds of thousands of dollars. Through the courtesy of the management, a DEMOCRAT reporter was invited to accompany the parade and was given a seat of honor on the band wagon.

Imagine yourself sitting by the side of Al. Johnson, the skilled driver of the \$4,000 eight-horse team that leads Barnum and Bailey's new street pageant on its daily parade, and let us view the other side of the picture.

As far ahead on Third street as the eye can see a multitude of animated faces bid welcome, ladies and gentlemen, farmers and children and a generous sprinkling of colored people with mouths wide-open, revealing generous rows of ivory and eyes dancing with delight, elbow each other in an effort to see it all and comment audibly on the fact that the man beside the driver on the band wagon (who is the DEMOCRAT's representative) has forgotten to put his uniform on. Behind us marches a victorious army of splendor, with plumes nodding in the morning breeze. Bands

thrilling the air with waves of harmony, hundreds of people resembling mediaeval knights in resplendent panoply, and the whole display rich with golden and silver ornaments scintillating in the darting rays of the sun. What a scene of triumph! The jungles seem to have corralled their rarest and largest beasts for the occasion. History appears to have furnished some of its most interesting epochs for tableaux. Illustrative of the living characters of the nursery tale cause a backward flash of memory that parades some of childhood's dearest myths before the mind's eye of even the oldest observer. Care seems to have obliterated from the face of the thousands of onlookers and all business competition is surrendered to the enjoyment of Barnum and Bailey's day.

Every now and then the rustic swain squeezes his girl's hand tighter as the band strikes up, and as the air of "Ta-ra-ra, boom-de-a-ay" rings out from Prof. Robinson's cornet, the man who feels that several drachms of alcohol are necessary to his enjoyment, begins to dance along the highways and turn hand-springs to show Barnum's acrobats how little he knows about it. Upon the piazza of the hotel a good-looking young man with florid complexion and red necktie, takes off his hat, carelessly runs his fingers through his hair and prepares to mesmerize the girls approaching on horseback, and so all along the route the picture changes like a living panorama, while driver Johnson throws an occasional pebble at a shirking horse to remind him of his duty.

The latter's duty is not so simple as would appear, for he has to keep

one eye on his eight prancing steeds while the other optic is riveted on Enos Joseph, who directs the mile column of pageantry and whose practiced eye can measure the number of blocks required for turning the parade without the length of a wagon to spare.

Back where he can view his hosts, rides Field Marshal Frank Hyatt, with his numerous aids distributed along the line and each keeping in marching position one of the advancing detachments. It is easy to read in each one's face his opinion of the pageant, and as the shrill note of the caliope dies away the crowds close in and follow behind to the show grounds. Here Lalop, wonderful double-bodied boy, together with a score of other curiosities, are waiting to entertain the visitors and the coffers of Hagen and Henshaw wax fat on the susceptible dime until the doors of the big shop open at 1 o'clock.

Inside the menagerie tent an unusual sight presented itself, for Mr. Bailey has placed on exhibition, for the first time in the world, the carload of Asiatic animals that arrived yesterday. They were released from the little dark boxes, into which they were put when caught in the jungle, for the first time to day, and they glared at their first audience this afternoon with untamed ferocity, not seeming to glean any comfort even from the sight of the other animals in the collection, familiar to their eyes in their far off native fastnesses. Among the new comers are a Sumatran rhinoceros whose hide resembles that of a huge armadillo; the largest Bengal tiger in captivity, who snarled at his Missouri visitors for their intrusion on his privacy; some odd looking hermit apes and a large Cheetah leopard, who is as domestic as a big dog, as he has been raised from a cub by the Malay boy in charge.

The performance to-night will be given with the Columbus spectacle and promises to be even more gorgeous than during the day as darkness will do much toward enhancing the scenic effects.

SOUTHERN METHODIST.
First Sermon by Rev. Ryland--Dr. North's Departure.
Rev. E. P. Ryland preached his first sermon as pastor of the M. E. church, South, yesterday morning to a large and appreciative audience.

He is a young man of fine personal appearance, and, though young in the ministry, he has a good delivery and preached a forcible and logical sermon. He deeply feels the responsibility resting upon his young shoulders and asked for the co-operation and assistance of his membership so that this might be the most prosperous year of the church in Sedalia. His able effort was well received by the congregation and one and all seemed well pleased with their new minister.

Dr. North, the retiring minister, was present and assisted in the service; he goes to Jefferson City for the ensuing conference year. He has labored hard for the upbuilding of the church during the past year and his efforts were rewarded by about one hundred new members being added to the church roll.

While in the city, Dr. North and his estimable young wife have made many friends who are loth to give them up, but what will be Sedalia's loss will be Jefferson City's gain.

The DEMOCRAT wishes them unbounded prosperity in their new field of labor, and commends them to the good people of Jefferson City who will find them a valuable acquisition to the church in that city. May their lot always be cast in pleasant places.

A Merited Appointment.
James M. Fleming, one of the oldest men and most efficient railroad men that ever run a train out of Sedalia, left this morning for Parsons, where he goes to take charge of the M., K. & T. yards at that place as night yard master, a position he is so well qualified to fill. Sedalia's loss is Parsons' gain and while we regret to lose him both as a citizen and thorough railroad man, we congratulate Supt. Welch on the wisdom of the appointment.

At Beaman.
The Sedalia Flambeau club went to Beaman Saturday night and amused themselves marching around in the woods shooting Roman candles at the trees. They thought they were having a rally, but they couldn't chase the Beamanites out of the woods to listen to republican doctrine.

Improving.
Will Murphy, a saloon keeper on Engineer street, who cut an artery in his left arm Saturday, is reported much better to-day.

A Sad Death.
A Young Man Receives Injuries in the Yards from Which He Dies.
Richard Anderson, a young man born near this city and raised with the boys of the town, received such injuries in the east end of the yards here Saturday night that he died of them Sunday morning at 6 o'clock.

At the time the accident occurred Anderson was "pulling pins" when in some way he fell down and before he could get out of the way a car passed over him crushing both feet at the ankles. His right foot remained hanging by only a small piece of skin. The flesh was badly lacerated on the right leg up to the knee.

He was tenderly picked up and carried to the "X" office and taken from there to the M., K. & T. hospital.

Drs. Evans, Overstreet and Ferguson were summoned to act in connection with the house surgeons and Dr. Yancey in looking after the young man. The right foot was removed and the sufferer placed under the influence of narcotics.

Many of his friends remained with him doing all they could to alleviate his sufferings which continued until about 6 o'clock Sunday morning when death came to his relief. He passed away suddenly before the watchers could realize that he was dying.

Richard Anderson was a young man 22 years of age and had been employed for the past seven years in the yardmaster's department at the "X" office, about a month ago he left the office to take a position as switchman in the yards. He was a young man, well liked by his employer and every fellow employee has a kind word for him. A young man of sterling integrity, upright ways and one who was always to be found on the right side. In the death of Rich the boys in the yards feel that they have lost a dear friend, in fact almost a brother and the tears shed at his bedside in the hours of suffering are a bright tribute to a manly young man.

The deceased leaves numerous friends and relatives to mourn his death. M. R. Anderson, of the local freight office is a brother.

The funeral services will take place at the St. Vincent de Paul church Tuesday morning at 10 o'clock, Rev. Father Murphy officiating. The railroad men will turn out in a body to pay their last respects to one so worthy of their tribute.

Police Court.
Ten men on various charges were up before Judge Rauck this morning. J. C. Means and Harry Hill, for trespassing, got \$10 each.

Dave Frank, Noah Puckett and I. W. Johnson, charged with late hours under suspicious circumstances, were fined \$10 each.

Henry Meyers, drunk, case continued until October 4th.

E. G. Rollins got \$10 for vagrancy.

Frank Venable was given \$15 for the same charge and sent below.

Charles Umbles and Ben Nolan were fined \$7 each for disturbing the peace.

All these men will be held until to-morrow when they will be given a stay, to leave the city at once, with the exception of Venable and Umbles who belong here and are old stand-bys.

Stole a Pair of Pants.
Two convicts fresh from Jefferson City arrived in the city Saturday morning. One of them, Billy Johnson, "snipped" a pair of trousers from E. E. Johnston's clothing store and repairing to an ally donned the stolen goods. He was arrested by Officer George Dixon and turned over to the state officers.

Johnson was taken before Justice Levens, to-day to answer to the above charge. He pleaded guilty and was fined \$15 and costs amounting to \$30. Not having the amount to pay his fine he will board with Sheriff Smith awhile.

A Runaway.
An exciting runaway took place on Ohio street last night about 7 o'clock. The buggy contained four women, and there was some squabbling done to get out, when the team was finally stopped. In crossing the car track the left wheel of the buggy was twisted off, but strange to say none of the occupants were thrown out or injured. The rig belonged to J. Wicher.

OCTOBER SIXTH

How It Will Be Celebrated by the Germans--The Parade.

Next Thursday, October 6th, will be the day when all the Germans in this city and vicinity will celebrate. Elaborate preparations are being made and a large crowd is expected.

Prof. Hastings will make a balloon ascension at 3 o'clock, taking with him his trained cat "Tommy" who has a special parachute for his descent.

All organizations and lodges joining in the procession will assemble on Main street between Lamine and Osage as far as necessary.

The line of march will be from Main and Ohio heading south to Sixth street, thence east on Sixth to Lamine, north on Lamine to Second, west on Second to Kentucky, south on Kentucky to Third and west on Third to the park. The order of the procession will be as follows.

Mounted police.

Woodmen of the World, commanded by Rev. Gowan.

Macabee lodge, commanded by Geo. Brill.

Citizens on foot.

Farmers on horseback and in vehicles.

Aeronaut in carriage.

Every child from 6 to 15 years of age marching in the procession will receive a small United States flag at headquarters (Harmonie hall) and a numbered ticket at the gate, which will draw a prize for each child, to be distributed in front of the grand stand as the numbers are called.

ATTENTION, MARSHALS.

All assistant marshals are earnestly requested to report at headquarters (Harmonie hall) at 8 o'clock sharp, on Thursday morning, October 6.

By order of

A. W. WINZENBURG,

Grand Marshal.

Closed Up.

The drugstore owned by D. M. Overstreet, at 312 Ohio street, was closed at 3 o'clock Saturday after-

The EVENING DEMOCRAT.

SPECIAL NOTICE.—Patrons of the EVENING DEMOCRAT will confer a favor upon the management by promptly reporting any irregularity in delivery or bad condition of paper from improper handling.

CIRCULATION.

There are more Sedalia people regular readers of the EVENING DEMOCRAT than any other paper.

INVITING DISCRIMINATIONS.

The protective tariff policy, with its humbug reciprocity side-show, invites other nations to discriminate against us.

Our greatest surplus is farm products—food products rather—and the populous European nations are our natural markets.

But by discriminating against them and working our "reciprocity" side-show in South America, where there is no market for our surplus, we invite Europe to do the same thing.

We cannot complain, then, if our own policy is adopted by others, though we may feel the pinch when England negotiates a "reciprocity" treaty with South American nations whereby she agrees to take their agricultural products in exchange for her manufactured articles.

The following from the Kansas City Star bears upon the subject:

"Some of the republican papers are very much disturbed about what W. R. Nelson is reported to have said upon his recent return from England in regard to the 'fair trade' movement in that country, and are seeking to discredit his statement. What Mr. Nelson said was that there is an agitation in England, in the spirit of retaliation, in favor of imposing a duty on American wheat, and this is true. It is claimed by the promoters of this movement that England's supply of wheat can be drawn from the other wheat producing sections of the world without materially increasing the cost to the English consumer, and that the United States may be and ought to be punished, for discrimination against English products. The protection doctors of this country do not relish the idea of taking their own medicine."

ALL FOR HEARD.

In commenting upon the fact that sickness compelled Congressman Heard to cancel some of his appointments in Boone county, the Rocheport Commercial says:

"On the advice of Dr. McAllister, Hon. J. T. Heard cancelled his appointment to speak at Rocheport on Thursday of this week. Mr. Heard is suffering from a throat trouble and in consequence of which has been compelled to cancel other engagements

in this county. Our citizens would have been glad to have met their colossal champion of democracy at Rocheport, but as about everybody in this democratic paradise are for Heard, his visit at this place would have only been a grand social affair devoid of any political gain."

Mr. Heard's popularity in other portions of the district is equally as pronounced, but still it is his intention to make as thorough a canvass as the state of his health will permit, not from a fear of defeat but from a feeling of respect for his constituents, to whom he would like to give an account of his stewardship, and loyalty to the party which has made him its standard-bearer.

"A NEW MISSOURI."

The Malta Bend Quiver, of a late date, has the following:

"P. D. Hastain said to the negroes here Saturday night in his talk to them—'You ought to take your shot gun and shoot any colored man who votes the democratic ticket.' Democrats have been accused of intimidating the colored voter, but it is left for a republican nominee for congress to openly and publicly advise negroes to murder anyone of their race who dared to exercise the right of suffrage as he saw fit and voted the democratic ticket. In charity it might be assumed, as is claimed, that Mr. Hastain meant to be funny; but the illiterate, superstitious negro sees no joke in such matters. Had Mr. Hastain desired and wished, he could have made no more foolhardy, vicious statement—one that would reflect less credit to himself, or do more harm to the negro. Advising negroes to shoot negroes is not the way to elevate or enlighten the African race."

A candidate must be reckless of the public welfare when he will use such language to an ignorant, excitable audience in the midst of a heated campaign.

He does not know, and cannot know, what evil may follow such advice.

But perhaps this is the "new Missouri" the radical leaders are preaching! Perhaps the shotgun is to be the most potent political argument in the future days when radicalism shall rule the roost.

If so there are a great many conservative republicans who will ask to be excused from supporting a party whose candidate for congress has no more dignity than to use such language to an audience before whom he is supposed to be discussing public questions.

TARIFF AND WAGES.

One great and effective argument the republicans always use with the working men is that the tariff high, and wages are concomitant, says the Independence Sentinel. In proof of this assertion the wages of free trade England are compared with the wages of protected United States. Why not compare eastern wages with western wages. The New York Press' "Cyclopedia," which is advertised as the best thing in support of the McKinley bill that has appeared in the campaign, has a table giving average weekly wages, in Illinois compared with average weekly wages in wages Atlantic Seaboard cities, from which we extract the following:

Illinois weekly wages for bricklayers, \$24; Atlantic Seaboard, \$20; difference against Illinois \$4 a week, or 20 per cent. of the seaboard wages.

Illinois wages for dyers, \$16.50; Atlantic Seaboard wages \$13; difference against Illinois \$3.50, or 24 per cent.

Illinois wages for blacksmith, \$15; Seaboard wages \$13; difference against Illinois \$2, or 15 per cent.

Illinois wages, bookbinders, \$16.50; seaboard wages, \$14; difference against Illinois \$2, or over 14 per cent.

Illinois wages, brickmakers, \$17.40; seaboard wages \$10; difference against \$7.40, or 74 per cent.

Illinois wages, cigarmakers, \$18; seaboard wages \$15; difference against Illinois \$3, or 20 per cent.

Illinois wages, gasfitters, \$18; seaboard wages \$12; difference against Illinois \$6, or 50 per cent.

The same schedule of tariff taxes applies to both sections.

In their argument on the tariff and wages the republicans never refer to the wages of Germany. Germany is among the high tariff nations and here we find wages lower

than even free trade England. Wages are regulated by supply and demand and the protected manufacturer gets his labor as cheap as possible. No philanthropic spirit enters his breast and he has never been known to divide his profit with his employees.

CALL A HALT.

The so-called lecture against Catholicism last Saturday night, taken in connection with the aggressive campaign of the A. P. A., should awaken all good citizens to the duty of discountenancing such teachings.

The lecture itself is said by those who heard it to have been infamous by reason of its indecency and the wholesale charges the speaker made against Catholics.

His language was too vile to be reported in a newspaper, as the charges he uttered against the virtue of Catholic women were too base to find lodgement in a christian heart.

Such doctrine can find no congenial soil in Sedalia, and protestants will be found as ready as Catholics to denounce and repudiate it.

It is a shame and a disgrace for a man to utter such slanders or to even harbor them in his own breast.

There should be political and religious freedom in this country, and every organization that wars against such freedom is un-American and foreign to the spirit of our institutions.

Good citizens should discountenance such work, and show plainly their disapproval not only of libelous and slanderous lectures, but of secret political organizations which war upon any particular church.

THE DEMOCRAT believes in the largest degree of freedom of speech, but at the same time deprecates wholesale attacks upon one religious denomination by another. There are, unfortunately, bad men in all organizations, religious as well as political; but by far the greater number in all denominations are honest and well-meaning. This fact makes these wholesale attacks seem so inexcusable and wrong.

They make bitterness and animosity where no such feeling should exist, and do more than anything else to retard the growth of a real christian sentiment. In this country we want no established church; neither do we want any denomination ostracized, persecuted or discriminated against in any way.

Conservative men should strive against fanaticism—particularly against religious fanaticism which prostitutes so great a cause to such ignoble purposes.

Leave some one at home with a loaded shotgun when you go to the show or the theater to-night. In spite of the constant vigilance of circus managers sneak thieves and burglars will follow in the wake of a show and do their lawless work when houses are closed and their inmates away from home.

SEDALIA is by no means alone in the position she has taken on the school book question. The various high schools in the state hold that they have the right to introduce other text books when those adopted by the commission have been completed.

LAMONTE invites the Sedalia democratic club to attend the grand rally in a body next Saturday. Let there be a full attendance of the club to-morrow night to make arrangements for the trip.

CLEAN up the city. Let the campaign go on until Sedalia is the cleanest town in the land.

WATCH for the festive burglar to-night.

AMUSEMENTS.

A Texas Steer.

Charles H. Hoyt's most successful comedy, "A Texas Steer," with clever Flora Walsh, Tim Murphy and an excellent company, will be the attraction at Wood's opera house to-night. Hoyt fairly outdid himself when he wrote "A Texas Steer."

The comedy has been a wonderful success since first produced, and is reported to be one of the leading money makers on the road. Seats are selling rapidly and one night of "standing room only" is what the manager anticipates.

NEGRO REVOLT.

Mississippi Blacks Armed and Organized.

WHITE POSSES ALSO ORGANIZED.

Two Negroes Killed and Seven Wounded—Terrible Fight on a Seafoed Over Niagara—Fatal Shooting of a Baptist Preacher.

MEMPHIS, Tenn., Oct. 3.—An Appeal-Avalanche special from Clarksdale, Miss., says: Sheriff Harris, of this place, was notified this morning by Deputy Fitzgerald, of Friars Point, to at once organize a posse and proceed to the plantation of Mr. J. K. Wilkinson, a large planter of Bo Bo, a small town eight miles south of this place, to put down an insurrection among the negroes in that locality and against the whites.

Sheriff Harris promptly complied and in a short time had an armed posse, consisting of twenty-seven men from this place. The information has just been received that two negroes were killed outright and nine captured and are now at Friar's point, heavily guarded.

In addition to the two negroes killed, several are said to be mortally wounded. The negroes took to brush and are still out well armed. None of the whites are reported hurt.

From conversation made by some of the negroes, it is learned that they have organized an order among themselves covering the whole neighborhood with pass words and grips for the avowed purpose of killing the whites.

The greatest excitement prevails. Negroes are thoroughly organized, and fears are entertained that the end has not been reached. Mr. Sessions, manager of the plantation, was fired upon yesterday, but was not hurt.

The town is without telegraphic facilities and the Wilkinson place somewhat in the interior, therefore details are somewhat scarce.

A FIGHT IN MID-AIR.

BUFFALO, N. Y., Oct. 3.—Two painters engaged in repainting the cables and guy ropes of the cantilever bridge across the Niagara river had swung a slender scaffold 200 feet above the seething stream on which to do their work.

They were both Canadians, one a French Canadian, from Montreal, named Joseph Graves, the other named William Gamel. At dusk yesterday evening they engaged in a terrific hand to hand struggle in which Graves nearly lost his life.

What started the quarrel no one knows, but Gamel lost his temper, grasped a hatchet and threatened to brain his companion. Then ensued a duel, the like of which is rarely described except in fiction.

Graves grasped the would-be assassin's wrist, but Gamel was the stronger and pressed the weaker painter to the edge of the scaffold, threatening to hurl him into the river. To save himself from falling, Graves loosed his hold on Gamel's wrist and grasped a rope.

Three quick, sharp blows were rained on his defenseless head by the enraged assailant. Two fell on Graves' back, and one split open his skull back of the left ear. He staggered, lost his hold and fell, but was caught between two guy ropes as if by a miracle, where he lay out of reach of the other.

With the blood streaming from his cuts, Graves climbed hand over hand up the cables to the bridge floor. Gamel followed, hatchet in hand. Here another workman interfered and prevented actual murder. It is doubtful if Graves can survive.

Gamel escaped while Graves was being attended by surgeons hastily summoned. Constables think he has fled to Buffalo. He is a sailor and may ship up the lakes. He was last seen on board a Michigan Central train.

A FATAL SHOOTING.

LITTLE ROCK, Ark., Oct. 3.—On Thursday evening at Baird's Chapel in Hempstead, thirteen miles west of Prescott, a fatal shooting affair occurred, the participants being Newman Sheffield, and his brother-in-law, Pink Allen. Sheffield was shot through the heart. Allen claims to have acted in self-defense.

Sherfield was a missionary Baptist preacher, and was to have been tried that night at the chapel on some scandalous charges. Allen was about forty yards from the church when Sheffield came up and the shooting occurred.

When the members arrived from the church they found Sheffield lying on the ground, dying. He had a pistol in his pocket, but had not been able to draw it. Allen made no attempt to escape. The parties had married sisters, and Sheffield leaves a widow and children.

Thought It Was In Fun.

WICHITA, Kan., Oct. 3.—George Klentz hanged himself yesterday afternoon in the presence of his two grown daughters, in a room in his house. The girls thought he was doing it for fun, and when taken down he was dead. Klentz was intoxicated.

Depot Burned.

CHILLICOTHE, Mo., Oct. 3.—The Wash railroad depot here burned to the ground last evening and the contents of the ticket office, baggage room and the freight house were destroyed, aggregating a loss of over \$15,000.

The Baptist church at Deadwood, S. D., was burned recently. During the fire a physician and a fireman got a fight and the physician got the worst of it, when he drew a revolver and shot the fireman dead.

The Buena Vista hotel at Denver, Col., was destroyed by fire. The guests were saved by the bravery of Patrick Mitchell, who first awoke. Two or three persons were severely burned.

Clearing house returns for the week ended September 30 showed an average decrease of 16.9 compared with the corresponding week of last year. In New York the decrease was 27.6.

ERNEST RENAN DEAD.

The Great French Author Dies of Consumption of the Lungs.

PARIS, Oct. 3.—Joseph Ernest Renan, the distinguished philologist and author, died at an early hour Sunday, after enduring intense suffering. The ailment which resulted in Mr. Renan's death was contracted on Tuesday last. On that day he went driving and caught a severe cold which speedily developed into congestion of the lungs.

RENAN, PHILOLOGICAL.

Joseph Ernest Renan, philosopher and historian, was born at Trigriguer, Cotes du Nord, on February 27, 1823. His parents wished him to enter the priesthood, and at an early age he was sent to a seminary. He was placed in the seminary of St. Sulpice to complete his theological course. While there he showed remarkable aptitude in the study of philosophy and of the Hebrew, Arabic and Syriac languages. He had already developed, however, too much independence of thought to qualify for the priesthood, and therefore quit the seminary to follow the bent of his own mind.

He won the Volney prize for work on the Semitic language in 1847.

In 1855 he was elected to the Academie des Inscriptions, in the place of M. Augustin Thierry. In 1860 he went on a mission to Syria, and three years later published his life of Jesus. M. Renan became a member of the French Academy on June 13, 1878.

Renan's wife was the daughter of Henri Scheffer, the painter. Renan wrote voluminously. Among his works are Studies in Religious History, the Book of Job, Philosophical Dialogues and Fragments, Spinoza, History of the Origin of Christianity, begun in 1863 and completed in seven volumes in 1882, the Evangelists, the Apostles, and Marcus Aurelius. Of his great history of Israel before the birth of Christ but two volumes were published.

LAVACA BAY GALE SWEEP.

A Furious Storm Does Great Damage to Shippers.

GALVESTON, Tex., Oct. 3.—A news special from Port Lavaca says: Last night a furious gale swept Lavaca bay. It was the most severe hurricane since the memorable one of 1890.

The harbor was full of boats, as it was meeting day for the fish and oyster men's union. The wind sprang up from the northeast early in the afternoon and continued to increase in velocity until an hour after midnight.

During the evening there were signs of an approaching storm, and a few boats put down into Chocolate bay for better harbor. At 1:30 o'clock the wind had attained its highest velocity and continued there until after 3 in the morning. Over twenty-five boats were badly damaged. Some were totally destroyed. A number of buildings near the shore were wrecked. No lives were lost. No estimate of the damage has yet been made, as a number of boats have not been heard from. On account of these latter much anxiety is felt.

RACE TROUBLES LIKELY.

Mixed Schools Wanted By Negroes and Violence Feared.

GUTHRIE, Ok., Oct. 3.—There will be serious trouble with the negroes here and in other towns in the territory. The territorial laws provide for separate schools for the negro children, and though they have been given all the facilities and accommodations equal to the white children, they are not satisfied and demand admission to the white schools. The matter is in the courts, but the negroes are not content to await a decision, but are trying to force their way in the schools.

At Kingfisher forty negro children, backed by a crowd of adults, entered a white school and took seats, and it was necessary to use force to remove them. As a result, open violence is advocated by many. Negro preachers from the pulpit are advising their people to use force if necessary to get into the white schools, and an open warfare is likely to break out at any time.

REV. TOM SPURGEON.

The Son of the Famous Preacher a Good Sized Chip of the Old Block.

LONDON, Oct. 3.—There was an enormous assemblage at Spurgeon's tabernacle last evening to listen to the preaching of Thomas Spurgeon, son of the late eminent pulpit orator. The sermon was one of great power, and it can no longer be doubted that Thomas Spurgeon is a preacher of originality and force, who does not need to depend upon the prestige of a great name. The audience were disposed to be critical and this fact adds significance to the many expressions of approval and the few of disapproval which were heard as the crowd dispersed.

It is evident that Thomas' popularity has been steadily increasing among the admirers of his famous father, while on the other hand there is a good deal of criticism on the manner in which James Spurgeon, brother of the deceased, continues to ignore Thomas in public and private.

The World's Fair Dedication.

WASHINGTON, Oct. 3.—The war department has decided to have the army well represented at the dedication of the world's fair buildings at Chicago, and Gen. Miles, commanding the department of Missouri, has been instructed to have the troops there on the 21st and 22d insts. The troops who will take part in the ceremonies at Chicago will consist of the cavalry and infantry from posts in the department of Platte and Dakota; cavalry and artillery from Fort Riley, Kan.; Fort Reno, I. T.; Fort Omaha, Robinson, Niobrara, Neb., and Fort Custer, Mont., aggregating 3,000 men, who, with the troops of Fort Wayne, Mich., and Fort Sheridan, Ill., will make a handsome display.

Prince Leopold Ahead.

BERLIN, Oct. 3.—Prince Frederick Leopold, of Prussia, who started in the international officers' race from this city to Vienna at 6 o'clock Saturday morning, rode into Romberg, just across the Austrian border, at 11 o'clock Sunday morning. He was also the first one to enter Weisswasser, 249 kilometers from Berlin. He is estimated to have covered 100 kilometers in the first twenty-four hours.

Aeronauts Fatally Hurt.

PEORIA, Ill., Oct. 3.—James Gomes and J. A. Loomis, both experienced aeronauts, fell from their balloon yesterday afternoon and received fatal injuries. In making the descent the balloon encountered a tree, and precipitated the men a distance of forty feet to the ground.

FALL FESTIVITIES.

St. Louis Extends a Cordial Welcome to All.

The city of St. Louis has become famous the country over through the agency of her annual fall festivities, and from that source has gained the sobriquet of the "Carnival City of America."

For the season of 1892 all previous efforts in the line of entertainment will be eclipsed. The great St. Louis exposition threw its doors open to the public Wednesday, September 7th, and will continue to entertain thousands during a period extending over forty days. One of the chief attractions announced by the management is the engagement of Col. P. S. Gilmore and his world-renowned band, one hundred strong. The illumination by gas and electricity of the streets will extend over a larger area and be on a grander scale than any similar exhibition ever attempted in the world. The thirty-second great St. Louis Fair and Zoological Gardens,

LEAVE HIM BEHIND.

Sandy Stewart's Wife Takes All His Savings and Leaves for Kansas City.

Sandy Stewart is mourning the loss of \$2,000 and a wife to-day, because said wife took a notion to pack up all her baggage and leave for Kansas City Saturday afternoon. She had been making the deposits with the Missouri Trust company the past ten years and everything had progressed happily to all outward appearances. Saturday Mrs. Stewart told Sandy that she was going to Kansas City to visit her sons. He did not object and she got a pass from Master Mechanic Weller, also drew the \$2,000 out of the Trust company and left on the afternoon train. When Mr. Stewart went home from his work at the Missouri Pacific shops, he found that she had taken her trunk, beds and everything that she could have checked with her. He suspected something wrong at once and on investigation verified his suspicions that she had skipped out. Mr. Stewart is out \$2,000, as the money was deposited in his wife's name. It was all his savings with the exception of \$700 which he had locked up where she could not get it.

A Cholera Scare.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera but a violent dysentery, which is almost as severe and dangerous as cholera. Mr. Walter Willard, a prominent merchant of Williamsburg, two miles from Helmetta, says Chamberlain's colic, cholera and diarrhoea remedy has given great satisfaction in the most severe cases of dysentery. It is certainly one of the best things ever made. For sale by Aug. Fleischmann, Druggist.

JACOBINISM RAMPANT.

A Republican Minister in Schuyler County Distributing A. P. A. Circulars.

To the Editor of the Republic.

LANCASTER, Mo., Sept. 30.—A day or two ago it was discovered that some miscreant was distributing on the streets and in the business houses of this city a finely printed little circular purporting to have emanated from the so-called American Protective Association, and upon investigation it was learned that the one assuming responsibility for their distribution was none other than a minister in the Christian church and a consistent and devout republican. This circular makes a most brutal attack on Catholicism and its votaries, all of which, however, seems to be in the nature of a preamble or whereas leading up to the main object, which is the political ruin of the Hon. John B. O'Meara, democratic nominee for lieutenant-governor. Such bigotry is intolerable to a true American and it strikes one as just the least bit remarkable that a minister of the Christian church, known for its liberality and love of liberty of thought, though a republican, would lend himself to such diabolism at the behest of his party and for party purposes only.

Upon inquiry in other portions of the county where this emanation of radical bigotry has made its appearance, I learn that in every instance it has fallen from the polluted hands of some exceedingly unctuous republican, who is fairly quaking with fear lest the liberties of the people shall be wrested from them by a people who are earnestly seeking the same goal in the hereafter that he cringingly professes to be in pursuit of. And yet, notwithstanding the fact that this bit of Jacobinism seems in every instance, through the country at least, to be sponsored by the republicans, and on its face bears unmistakable evidence of radical origin, I am told there are people in Missouri so foolish as to think it possible that it could have had its origin in some way with the democracy of the state.

REWARDED AN EMPLOYEE.

The Coolness and Shrewdness of Express Messenger Kennedy Win Him a Gold Watch.

ST. PAUL, Minn., Oct. 2.—The Chicago, St. Paul and Omaha Railway company to-day showed its appreciation of the brave work of Express Messenger Kennedy by presenting him with a splendid gold watch, accompanied with a letter commending his thoughtfulness.

On June 30, near Kasota, the Sontags, now being hunted by the police of California, held up the Omaha express. They entered the express car a few minutes before 11 o'clock p. m. Kennedy heard them coming, and divining what they were after opened the safe quickly, threw all the money it contained in the corner and then closed it again.

When the desperadoes demanded that the safe be opened he obeyed their request feigned reluctance, but it contained nothing and they slunk away, cursing their ill luck.

Y., (the nephew of his uncle) will be read with great interest, especially when it is remembered that Mr. Tilden is a warm friend of Governor Hill, and was one of the Hill delegates to the Chicago convention.

New Lebanon, N. Y., Sept. 26, 1892.—DEAR SIR: Your favor of the 22d inst. at hand. In regard to the position of the democratic party in this state towards ex-President Cleveland and Mr. Stevenson, I would say that it is one of loyalty, and it will give to them their hearty and enthusiastic support. Senator Hill's speech in Brooklyn a week ago to-night simply re-echoed the sentiment of the party in this state, and I know that they will give the ticket their hearty and enthusiastic support.

So far as Senator Hill's friends are concerned there need be no fear in regard to them; they are democrats and will support the ticket to a man. So far as what the majority may be in this state, it is hard to tell, but I would think that he will carry the state anywhere from 20,000 to 30,000, if not more. The canvass in this state is now being taken and careful work preparatory to an active canvass next month is under way. I know perfectly well whereof I write, and I know there need be no fear that the friends of Senator Hill will not be loyal to the ticket. I write this candidly that there may be no misunderstanding in regard to my meaning. I am perfectly well aware that there has been an effort, especially in the west, to create the impression that the democratic organization in this state, led by Senator Hill, would not be loyal to the ticket, but has always seemed to me that such efforts are unfair and unmanly, because the democratic party in this state has always been loyal to every candidate that has been nominated, and if they have lost it has been owing to circumstances which they could not control, and not to want of work and effort on their part. With kind regards I remain your very truly,

SAMUEL J. TILDEN.

Bad News About Nat Goodwin.

From the Chicago News Record.

It is by no means pleasant to hear that Nat Goodwin has been making himself conspicuous by indulging in a gambling and drinking spree. Goodwin is old enough and experienced enough to know that there is nothing but ruin in that sort of thing. We had supposed that he was done with his folly. It has done him immense harm for Goodwin long since passed the point in life where his indiscretions could fairly be condoned as the heedless indiscretions of youth.

Letters of Administration.

Letters of administration were granted Minter Green and Sarah E. Green on estate of their father, John D. Green, of Washington township, who died Sept. 25, 1892.

A Kansas Baby.

The following clipped from the Wichita Eagle naturally suggests how far could a man fall and not get hurt if a baby can fall two stories:

"The little baby of Professor Charles Beal had a wonderful escape from a frightful death on Monday evening. Mr. and Mrs. Beal reside in the second story of the opera house. The baby was playing around, when, coming near the window, it lost its balance and fell to the earth, from the second story, lighting on the stone pavement. The child was not hurt in the least, and did not show a scratch.

Two Fine Colts.

John Gentry is home from Wichita and brings with him to promising colts, one a weanling and full brother to "John R." and the other one a chestnut filly colt which will be a year old in the spring. They were purchased from H. G. Toler, of Wichita. The filly is a trotter and has many fine points, and is a half sister to John R. Her dam is by Egbert, the sire of Lobasco, the fastest stallion in the world.

Mr. Gentry's horses will pass through the city to-morrow on their way to St. Louis.

The tremendous spectacle of Columbus and the discovery of America is almost beyond belief, while its magnificence and grandeur is of such character as to commend it to parents and guardians. Its historical truth and accuracy renders it most instructive to youth.
